PACIFIC COAST.

Weather-Closed.

PORTLAND, OR, Jan 13

The thermometer was 9° above zero, with a northeast gale this morning. At Umatilla yesterday morning it was 11° below zero, at Wallula 20° below zero.

The Columbia is closed between here and Kalama, except through the slough which has but nine feet of water.

The Wrong Man.

SAN FRANCISCO, Jan 13

Yesterday Detective Coffey returned from Portland bringing with him a prisoner supposed to be Wm. Blake, an absconding member of the Board of Brokers, who had been arrested by the Sheriff of Clatsop Co., Oregon, and held at Kalama. The prisoner on his arrival here was interviewed by a member of the Board of Brokers, who pronounced him the wrong man. It now appears the prisoner is a bricklayer with a family in Alameda, who was dead broke at Kalama and arrested because of his strong resemblance to Blake, and passed himself off as him for the sake of a free passage to San Francisco. He was of course discharged from custody.

Fatal Accident.

SALT LAKE, Jan 13

A snow slide at Big Cottonwood carried away James Cox, John Tienberth, James Glasson and James Renfrey, who were killed.

SECOND DISPATCH

Sunk.

NAPA, Jan 13

The schooner Jessie Clement took fire last night and sunk in Napa creek with 200 barrels of lime on board. A total loss.

Fire at Oakland.

SAN FRANCISCO, Jan 13

A fire at Oakland this morning destroyed Glasscock's building, the Parker House, and an adjacent frame on East street. Mr. Glasscock had in his office a mass of documents, maps, etc., not on record, relating to land matters in Alameda County, the loss of which is almost irreparable to the public. The report that a man lodging in the Parker House perished in the flames is believed to be without foundation. The fire was the work of an incendiary.

Snow Storm.

SALEM, Or, Jan 13

It commenced snowing at an early hour this morning, and continued during the day, with a high wind from the north, bitter cold, the oldest inhabitant has no recollection of anything like it. The snow is now six inches deep and still falling. Water pipes all frozen up this morning.

Rain.

COLUMBIA, Cal, Jan 13.

It has been raining here steadily since 11 A. M. to day, which removes all anxiety about the coming crop.

Snow.

SHASTA, Cal, Jan 13

It commenced snowing here about 3 o'clock this afternoon and still continues. Over three inches has already fallen.

Railroad Intelligence—Etc.

LOS ANGELES, Jan 13

Houghton's bill to change the route of the Southern Pacific Railroad so it will run through Cajon Pass, and leave Los Angeles nearly one hundred miles westward excites general comment. The universal sentiment of the people is condemnation of the railroad company in thus attempting to avoid the fulfillment of their contract with Los Angeles city and county. The company have received large sums in the shape of subsidy from the people of Los Angeles Valley, all given with the express understanding that the main line of the Southern Pacific railroad should run through this city. The universal expression here is that should Houghton's bill pass, an attachment will be made forthwith on all the property owned by the company in this county for the purpose of recovering the money paid the company on the contract which it is now seeking to nullify.

The first public train to Anaheim will be dispatched to-morrow morning. The struggle between the Southern

Pacific and Los Angeles & Independence Railroad Companies for the possession of Cajon Pass has resulted in favor of the last named company. Engineer Crawford took possession of the pass one hour in advance of the Southern Pacific Company. The weather continues unfavorable for rain.

INTEREST MONEY.—Money when loaned at 5 per cent per annum, compound interest, will double in 14 years, 21 days, 19 hours, 31 minutes and 20 seconds.

At six per cent 11 years, 10 months, 21 days, 7 hours, 31 minutes and 44 seconds.

At seven per cent, 10 years, 2 months 4 days, 2 hours, 21 minutes 34 seconds.

At 8 per cent 9 years 2 days, 6 hours, 1 minute and 37 seconds.

At nine per cent, 8 years 14 days, 9 hours 4 minutes and 16 seconds.

At ten per cent, 7 years, 3 months, 4 days 17 hours, 26 minutes and 51 seconds.

One dollar when loaned at ten per cent per annum, compound interest, will in a hundred years amount to \$3 '67,563.

SWETMEATS.

A man's wife is his best lawyer, his best counsel, his best judge, his best adviser and also the cheapest and most reasonable.

Nature kindly disguises herself everywhere around us, and the eye of science alone detects, in the beauty of change, nothing but the beauty of death.

Christianity is the hope of the world. It sheds a light everywhere. It is the comfort of the sad and sorrowing. It is the riches of the poor in heart. It relieves the helpless, and makes all rejoice in Christ Jesus the Lord.

While an ignorant lecturer was describing the nature of gas, a blue stocking lady inquired of a gentleman near her what was the difference between oxygen and hydrogen.

'Very little, madam,' said he, 'by oxygen we mean pure gin, and by hydrogen, gin and water.'

MONKEYS never grow older in expression. A young monkey looks exactly like his grandpapa melted up and born over again.

DR. R. B. SPINNEY. WELL KNOWN throughout the country as a Pathologist and Physiologist whose successful treatment of certain physical disabilities and functional derangements has deservedly entitled him to the familiar recognition of the GREAT SPECIALIST would respectfully inform the citizens of Virginia City, Nevada, and vicinity that he can be consulted at No. 188 South C street Virginia, seven doors north of the French Drug Store, at his office, thus giving invalids an opportunity of adding themselves through his professional agency, of such constitutional anomalies and ailments as he claims to compass and to cure. Without entering into biographical details, it is sufficient to simply promulgate the fact that DR. SPINNEY'S earliest reputation may be traced back to his immigration and conduct of the Montreal (Canada East) Medical Institute. The regime of the English Pharmaceutical Colleges is gauged by an elevated standard. An extended experience and an assiduous study of the varied phases of disease enables him to guarantee assurance of success in the eradication of all multifarious chronic affections incident to both sexes such as Nervous Debility, Exhausted Vitality, Youthful Excesses, Marriage Impediments, Chronic and General Afflictions.

TO THE LADIES.

DR. SPINNEY while naturally impressed with the delicacy of the subject, feels no hesitancy in stating that, in conjunction with a competent knowledge of their various sufferings such as Nervousness, Neuritis, Spinal Weakness, Loss of Appetite, Lassitude, Protrusion Uteri, Retroversions of the Uterus, Displacement of the Womb, Vaginal Irregularities, Leucorrhoea, Dyspepsia, Indigestion, Constipation and the many petty irritating obstructions that almost invariably have their origin in the uterine region, afford them immediate relief.

YOUNG MEN.

Who may be suffering from the effects of youth if they are of indolence will do well to avail themselves of this, the greatest boon ever kind at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would therefore, say to the unfortunate sufferer who may read this notice, that you are standing upon dangerous ground when you linger delay in seeking the proper remedy for your complaint. You may be in the first stage of the disease, you are approaching the last. If you are bordering upon the last and are suffering some or all of its evil effects, remember that if you obstinately persist in procrastination the time must come when the most skillful physicians can render you no assistance when the door of hope will be closed against you, when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work upon you, upon your imagination. But avail yourself of the beneficial results of his treatment before you are beyond the reach of medical skill or before grim death hurries you to a premature grave.

COMI AND BE HEALED.

It matters not what your trouble may be, come and let the Doctor examine your case. He will cost you nothing for consultation, so please call and satisfy yourself whether the Doctor understands your case. If he can cure you he will tell you, it not he will say so. He will not undertake a cure unless he is confident of effecting a cure.

MIDDLE-AGED MEN.

There are many of the age of thirty to sixty who are troubled with frequent evacuation of the bladder often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner that cannot account for, on examining the urinary deposits aropy sediment will often be found and sometimes small particles of albumen will appear or the color will be of a pink and milky hue again changing to a dark and turbid appearance. There are many men who die of this difficulty ignorant of the cause which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases and a healthy restoration of the genital urinary organs. N. B.—Only in interview required in a majority of cases. Balance of treatment can be conducted at home without interruption of business. No cases treated without a personal interview and proper examination. Office hours—10 to 1, 2 to 4 and 7 to 8. Consultation free. Examination and advice, \$3 if

OUR SCHOOLS.—Do our citizens pay enough attention to this subject? Are they aware that they are overcrowded—that the teachers have more work than they can comfortably get away with? that there would be fifty more pupils had we accommodations.

PASSED THROUGH.—Senator Sharon passed through last night to his home in San Francisco. Previous to his departure from Carson he was warmly congratulated upon his success.

SICK.—That is the term we use to express the condition of the stock market yesterday. They were worse latter in the evening, as the following quotations show: Mexican 50, Best & Belcher 63, Belcher 50 1/2, Crown Point 44 1/2, Gould & Curry 59, and Ophir 160.

MATE.—On his last trip below Mr. W. R. Chamberlain purchased a mate for his fine roadster, and now boasts as fine a road team as a country gentleman has any use for. We believe it was \$900 he paid for his last piece of horse flesh.

IN TOWN.—D. A. Bender, Esq., accompanied by his wife and sister, came over from Carson yesterday. It looked quite natural to see them here.

JOHNSON thinks he would experience no difficulty in making three or four trips a day to Gold Hill with "Old Bob."

THE Depot Hotel bar room is being renovated, etc., and will look as neat as a pin in a day or two.

DIPHTHERIA.—A large number of cases of diptheria are reported in Washoe Valley.

CAPTURED IT.—"Little Nell" has captured Virginia City, taking it by storm. We hope she will come to Reno and try her hand on us.

ASSESSMENT.—The Hale and Norcross Gold and Silver Mining Company have levied an assessment of \$5 per share.

ANNIVERSARY BALL.—The first anniversary ball of the Terpsichorean Social Club is announced to come off on the night of the 20th inst. It will be a free invitation party, and will doubtless prove a very pleasant anniversary.

PURSE LOST.—A purse, with its contents, some \$40, has been lost. The finder, if he be an honest man, is requested to leave the same at this office, or deliver it to J. K. Winchell, the owner.

MASONIC SOCIAL.—The next Masonic social will be given on this coming Thursday evening, the 15th inst. All Masons in good standing, and lady friends, are cordially invited. Dancing will commence at 8 o'clock.

House and lot for sale. For particulars enquire of J. C. Hagerman.

We paid this mining district a visit on Tuesday, and the result of our observations was most satisfactory, though it will not be known for a few days yet whether or no we are to have a prosperous mining camp in Washoe county. For the time being all depends on the successful working of the rebellious ores of the district by the McGlew furnace, just erected at a cost of something like \$6,000. If by this process the precious metals can be extracted with profit, then is the future permanency of the district assured. The result will be known within the next few days, and we hope for the best; though Mr. McGlew is quite confident there will be no trouble. By the McGlew process the ore is crushed dry and placed in a feeder at the top of the furnace. There are three flues, three feet long and twelve inches deep. As the pulp passes down the incline or main flue to No. 1 it becomes heated and separated by the blast issuing from the flue; thence to flue No. 2, where it is treated in the same manner; thence to flue No. 3, treated in same manner and heated to any degree of heat required; thence into the receiver, and there remains with the fires of the three flues passing over it, and giving an opportunity for the chlorine fumes to pass off with the smoke. The heat can easily be increased or diminished as required to suit the different qualities of ores. The ore after leaving the feeder instantly becomes heated by the flames issuing from the flues and a continuous heat kept up until drawn for cooling. It is then carried to the pans and amalgamated in the same manner as other ores. As we have previously stated everything depends just now on this furnace, the life of Peavine hanging as it were by a thread, for the mines in the district are looking splendid, and yielding their usual quantity of fine ore.

TWO DOLLARS.—At the last regular meeting of the Terpsichorean Social Club an assessment of \$2 was levied on each member, payable to the Secretary within twenty days.

SURGERY.—It is no longer necessary for the afflicted who need surgical aid to go to the "coast," as they have now in Reno one of the most skillful surgeons in the United States. Dr. A. J. Grover has no superior on the Pacific slope as a successful surgeon. He guarantees the most perfect satisfaction in all cases that are within the reach of surgical skill. Also gives special attention to chronic diseases.

NOTICE.—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. SU LEE & CO. *

ON no of course not, for Nels. Greenman has a laundry of his own and will do his level best to satisfy his old customers and gobble all new ones in sight. Nels. Greenman, Pedro Laundry.

NOTICE TO CONSUMERS.—The increasing popularity of Dooley's yeast powder has induced a certain firm who manufacture a baking powder to copy verbatim our advertisements, simply substituting their name in place of ours. While this proves the standard excellence and worth of our yeast powder it is calculated to deceive the consumers, and reflects the character of the parties, and as well as the goods which they are endeavoring to force upon the unwary. Be sure that you call for Dooley's yeast powder, and take no other. Dooley & Brother, Proprietors, 69 New St., New York.
